

Three-Year Planning Template for Degree-Granting Programs

Name of Department:	PATH
Degree (Example: AAT-History):	AST-Nutrition
What PSLO will you be assessing during this cycle and why? (If you decide to assess more than one PSLO, please indicate that here as well). Upon completion of this program, students are able to evaluate personal energy and nutrient requirements, along with the nutrient density of various food sources, using current dietary assessment tools. I'm assessing this PSLO because I have changed some projects, discussions and activities in my courses that relate to the PSLO, so I want to determine if the changes I made had a positive impact.	

Instructions:

1. In the Course column, list all of the courses that are part of the program you are assessing.
2. For each semester, indicate which CSLO(s) you plan to assess.
